NO. 17.

BEAT Y. W. JOLLY CLUB

Kittycats Keep Up Winning Streak By Defeating St. Joseph Girls 22-14 on Foreign Court—Play Return Game Saturday.

The Kittycats carried off another victory Wednesday evening when they defeated the Jolly Club of St. Joseph on the Y. W. C. A. court there.

The Jolly girls played low during the first half and allowed the Kittycats to pile up 22 points against their 14.

During the third and fourth quarters the Jolly girls made a strong comeback but were unable to get a lead. The game closed with a 38-28 score.

Centers Todd and Shulers were unable to get the tip because of tall Jolly centers. This left hard playing for the guards, New and Cook. Both guards did fine work and kept down the scoring of the Jolly forwards, one of whom was Lethel Gartin, formerly forward on the Kittycat team.

Lethel played a hard game, making 9 field goals and 3 free throws. Bruckner, for the Kittycats, totaled 27 points and her running mate M. Raines scored 11.

The small court prevented much passing. The girls are hoping for even a greater victory when they play the return game here February 21.

As a new feature of the high school music contest to be held this spring, all Class A high schools are eligible to enter their school bands as a regular form of competition.

Compile Standings of Various Clubs

The Student Council of 1923-24, ever on the alert to improve conditions, both scholastic and social, on the campus, passed, with the consent of the Dean of Faculty, a rule regarding the publishing of the scholastic standing of the various campus organizations each term. (Handbook, page 21, Article 6.) In accordance with this provision, the ratings of the departmental clubs and the literary societies have been compiled. The membership list of the Excelsior Society was not available and their rating does not appear in this report.

The figures below show the average standing for the various organizations with reference to the following points, respectively: number of members, program hours, honor points, average number of honor points per program hour per group.

Social Science Club	28-280 1.4-488 1.4-1.7423.
Philomatheans	24-293 1.4-416 1.4-1.7408.
Eurekans	27-258-438 1.4-1.70.
Pi Omega Pi Commerce Club	8-82 1.4-120-1.45.
Kappa Omicron Phi Home Economics Club	16-147 1.4-212 1.4-1.44.
Woman's Athletic Ass'n.	50-488 1.4-682 1.4-1.35.

Dr. Keller began extension courses Friday and Saturday, in History of Education and Educational Sociology at Gilman City, Princeton and Bethany.

"Enter the Hero," a one act comedy was given at Dramatics Club last Tuesday. Mildred New, Mary Lou Harrington, Mayne Grems, and Joe Phipps made up the cast.

Helen Gomez was called to her home in Craig, Friday, February 6, by the death of her brother, Guy, who died after a short illness of pneumonia.

Jean Rowan went to her home in Northboro, Iowa, February 7.

Plain to Entertain Whole Student Body

The Colonial Party will be held Friday night from 7:30 to 10:30 o'clock in the College building. The guests will gather in the library for the reception and evening program. Dancing will begin in the west gymnasium at 9:30 o'clock.

The party is not strictly a costume occasion and no one should remain away because of a disinclination to wear a colonial costume to the party. Neither is it primarily a dancing party. The old English idea of hospitality will be carried out as nearly as possible, each guest being allowed to entertain himself as he sees best.

Remember now! Everyone is to come, costume or no costume, dancing maniac, or blue Sunday advocate. It is an all-school affair and the party of all parties in the school year.

All necessary committees from the senior and sophomore classes have been working on the arrangements for the past week and they have made plans to entertain the entire school.

Costumes may be rented by consulting Dean Barnard or Miss McClannahan not later than tomorrow evening.

COMMITTEE READY TO AID STUDENTS

Recommendations Committee Offers Its Services to Students and to Former Students Who Desire Assistance in Securing Positions.

Mr. Hawkins, chairman of the Committee on Recommendations, states that within the next few days the committee will be ready to receive applications from students, who desire the aid of the college in securing teaching positions for the coming school year.

The Committee on Recommendations offers service, free of charge, to any teacher who has attended school at this college. Last year seventy-five people were placed, by the committee, in positions with good salaries.

The Committee on Recommendations at S. T. C. works with the committee at the University of Missouri. If the University receives a call for a teacher, and the records of that institution indicate that there is no teacher available for the place, the College here is notified and its committee makes an effort to place one of its students. Likewise is a student or teacher applies through the local committee and the committee knows of no vacancies, an attempt is made to secure a position, for the applicant, through the University.

Announcement will be made in assembly concerning the manner of securing and filling out the application blanks.

Minnie Turner, B. S. 1920, who is now a student in the University of California at Berkeley, writes that she likes her work there. Miss Turner is taking work in the English department where she is working for her M. A. degree. She lives in San Francisco, at the home of an uncle. Each day she crosses San Francisco Bay on the ferry and then takes the train to the university. This requires one and one half hours each way. The boats cross every twenty minutes, on each of two transportation systems, and trains make direct connections with all boats. Although quite busy with her school work, Miss Turner finds time for an occasional visit to the beach as she says "never tires of the water."

Patriotic Program Given at Assembly

The Stars and Stripes, the banner of the American Legion, and ferns made an effective setting for the patriotic program, given in honor of Washington and Lincoln, at Wednesday's Assembly, February 11.

The invocation was given by the Rev. S. P. Allison of the Presbyterian Church. Next followed, "The Perfect Tribute," read by Mr. Miller of the faculty, in a deeply impressive manner. This reading deals with Lincoln in his presidency, and the occasion of the Gettysburg speech.

Major Raynor, a veteran of the world war, delivered a fitting talk on "Our Flag." The chorus directed by Mr. Gardner, furnished the music.

Mr. and Mrs. Burt W. Loomis entertained the members of the Eastern Star Club, of the College, with a radio party, at their home, 530 West Fourth street, Thursday evening, February 13.

PHILOS WIN CONTESTS

Eurekans, With Three First Places, Come Out Second—Excelsiors Win in Essay and Oration—Excellent Spirit is Evident.

With four first places to their credit, the Philomathean Literary Society won the Eleventh Annual Inter-Society Contest, which took place last week. The Eurekans ranked second with three firsts, and the Excelsiors third, with two firsts. This victory gives the Philomatheans the honor of having won the contest seven years out of the eleven. The Excelsiors and the Eurekans each have won two years.

The final ranking of the judges, counting both first and second places, gave the Philos sixteen points, the Eurekans fifteen, and the Excelsiors thirteen. This has no bearing on determining the winner of the contest, as only first places are considered in choosing the winner.

The attendance was larger this year than that of former years. Each afternoon an enthusiastic audience greeted the representatives of each society. The three societies permitted no dull minutes. Songs, yells, and display of colors, all added to the interest of the contests. A feeling of good will and friendliness of each society toward the others was evident.

The first day's program was opened by the rendition of the piano solo, "Juba Dance," by Margaret Mills. This was followed by the debate between the Eurekans, represented by George Newman and Richard Baker, and the Excelsiors, represented by Gannum Findley and Sam Evans, on the question, Resolved, that the present immigration law is justifiable. The decision was in favor of the Eurekans, who spoke for the affirmative.

The next and concluding event of the first day of the contests was the contest in oration. In this the societies were represented as follows: Philomathean, Melvin Rogers, with the oration, "War Annihilation," Eurekan, John DeMotte, with "The Unknown Soldier," Excelsior, Paul Stone, with "A Debt to Our Forefathers." Paul Stone received first place and Melvin Rogers, second.

The contests were judged by Mr. Wohlford, the Rev. Mr. Mitchell, and Mr. Sawyers. Their decision gave the Excelsiors one first, the Eurekans one first and the Philos one second place.

On Thursday afternoon the program opened with a piano solo by Lota C. Landfather, Eurekan. Mr. Miller then introduced the debaters who argued the question, "Resolved, that capital punishment should be abolished. The Eurekans, represented by Burdette Yeo and Fred Street, upheld the affirmative side of the question. Wilson Craig and David Nicholson spoke for the Philomatheans on the negative side of the debate. The judges decided in favor of negative by a two to one decision.

The third section of the program of the afternoon was the extemporaneous speaking contest. Wavie McKee, Philomathean, talked on the subject, "The Constitution, The Supreme Law of the Land." "Why Every American Citizen Should Respect the Constitution," was the subject on which Walden Lemaster, Excelsior, spoke. The Eurekan society was represented by Ernil Coler who drew the subject, "Abraham Lincoln and the Constitution." Wavie McKee of the Philos was given first place.

In the sight reading contest, the Eurekans were represented by Laura Margaret Raines. Grace Foster read for the Philomatheans, and Ethel Kaufman for the Excelsiors. The Eurekans won first place in this contest, and the Excelsiors won second.

The Philomathean Society won two firsts, and was thereby ranked as the winner of Thursday's contests.

The judges for the Thursday afternoon contests were: Ellis Cook, Rev. R. E. Snodgrass, and T. A. Cummins of Maryville.

The last day's program opened with a piano solo by Iva Dukes. The Excelsiors met the Philomatheans in a debate on the question, "Resolved, that the United States should join the permanent court of international justice." The decision went to the Philos, represented by Melvin Rogers and Doy Carr, who defended the negative side of the question. The affirmative was taken by T. H. Walton and Leslie Holcomb.

In the declamatory contest Margaret Dicks, Eurekan, won with the score (Continued on Page 2)

CALENDAR

February 17—Kittycats play Central College (here).
February 18—Oratorical Try-outs.
February 18-19—Photo play, "Janice Meredith," Empire Theater for the benefit of the Tower.
February 19-20—Bears play Springfield (here).
February 20—Colonial Party (instead of February 22, Sunday).
February 21—Girls' basketball game with St. Joseph Y. W. C. A. (here).
February 21—Bears play Park College at Parkville.
February 23—Bears play Park (here).
February 24—Kittycats play Central Fayette (here).
February 26-27—Warrensburg-Bearcat basketball games (here).
March 5—Close of Winter term.
March 10—Spring term begins.
March 13-14—Boys' high school basketball tournament.
March 17—Tower St. Patrick's Carnival.
March 20—State oratorical and extemporaneous speaking contests at Springfield.
March 20-21—Girls' high school basketball tournament.
April 9-14—Easter vacation.
April 24—Interstate oratorical and extemporaneous speaking contests at Cape Girardeau.
April 23-25—High school track and field meet.
May 4—Minneapolis Symphony Orchestra.
May 8—Intercollegiate debates.

COLLEGE MEN ARE BATTERY MEMBERS

Vary in Rank From Major in Command of Headquarters Battalion to Private Soldier—Won Distinction at Encampment Last Summer.

Twenty College men are members of Battery C, 128th Field Artillery, Missouri National Guards, of Maryville. The men vary in rank from Major in command of Headquarters Battalion to private. Most of them have belonged for two years now.

Major Rolf Raynor has been connected with the battery since its formation several years ago. He has risen steadily in rank to his present position. First Lieutenant Edward Condon has been commissioned in the unit for almost a year and is making a success of his work along that line.

Five of the "College men" are sergeants. Sam England is top sergeant, Howell England is supply sergeant, Gordon Ronch is instrument sergeant, and Ray Blomfield and Eldon Dow are field sergeants.

Karl Akers, Sam Evans, and Cole Yelsley are ranked as corporals in the organization.

The first-class privates who are attending the College are: C. G. Andrews, Lawrence Conway, George Barkley, Lloyd Hollar, Robert Ruhl, Leo Cannon and Cleo Wyman.

Attached members of the battery are John King and Webster Young.

Battery C won the distinction at encampment last year of being the best drilled and cleanest outfit in the Missouri National Guards. All of the above named men will go to camp again this summer.

Miss Ruth Bass and the pupils of the children's dancing class of which she is instructor, gave a masquerade valentine party, Tuesday evening, February 10. The parents of the children were the guests. Valentine decorations were used. Refreshments consisting of ice cream, cake, punch, and lady fingers were served. About forty guests were present. Miss Gladys Andrews of the Music department, assisted in entertaining.

From Tracy E. Dale, superintendent of the Paucett Consolidated School comes a letter of appreciation for the copy of the "Tower" presented by the college to that school. Mr. Dale says that the annual is creating much interest among the students and that he hopes his community will be as well represented at S. T. C. this summer as it was last.

May Substitute Jr. High School Methods

Miss Smith, of the Education Department, announces that during the spring quarter students may take the education course listed as number 27 Junior High School Methods, which will be offered at the 1:20 period, in the place of the required courses numbers 24, or 25.

ATTEMPT TO LEGISLATE

Bills to Change Education Laws of Missouri Are Now Before General Assembly—Supt. Charles A. Lee Sends Information.

Some important bills having to do with education are now before the State Legislative body, according to information received by Mr. Phillips from Charles A. Lee, State Superintendent of Schools. Following is summary of the more important bills which have been introduced in the House:

Any person may go before the county superintendent of schools and take an examination upon any subjects, and if he passes a satisfactory examination he shall have credit for such subjects in any high school in the state.

Each county having 100 or more rural districts shall be entitled to at least five first class high schools to be built, equipped, and maintained by an appropriation, one third of which shall come from the public school fund, and two thirds from the general revenue fund of the state. One school is to be built each year until the five are established. These schools are to be located where the districts demand them. Each of these first class rural high schools shall be governed by a board of four directors and the county superintendent, who will act as chairman. These boards are to serve without compensation, except for expenses incurred while in actual school service.

No contract hereafter made by any state textbook commission shall be binding upon any school district furnishing free textbooks to its pupils.

Short courses in Agriculture are to be established in the teachers colleges. These courses are to be free and open to all persons engaged or interested in agricultural studies or pursuits. The teachers colleges will pay for any extra instructors or lecturers from their general appropriation made for salaries.

The Community School Bill as discussed in the last issue of the Courier is also before the House. Mr. Phillips is a member of the Legislative Committee favoring this Bill.

The following article clipped from the Kansas City Star will be of interest to many college students, who know or have heard about the distinguished novelist, Homer Croy, who claims Maryville as his home town.

"Where most fiction writers leave off, Mr. Homer Croy, an American novelist, wintering and working in Cannes, just commences.

"Mr. Croy is working on a new novel, 'The Rain Maker,' his fourth, and one that he thinks will even out-do 'West of the Water Tower' and 'R. F. D. No. 3.' Mr. Croy is from Maryville, Mo., which he has taken for the locale of all his books and calls Junction City. He writes nothing about cowboys or shooting, but merely tells about the people who live and who have lived next door to him.

"Mr. Croy is a former journalist, and as he puts it, 'the first student of the first school of journalism in the world, the University of Missouri.' He is one of the new group of American writers whose origin can be traced to Theodore Dreiser.

"Mr. Croy has found Cannes a delightful place in which to work, and every morning from 8 to noon he labors on his latest book. Later in the season, he plans to give a dinner to American writers in Europe, and it is expected that the cream of literary talent will be present. One of his guests probably will be Mr. Sinclair Lewis."

Nodaway County friends of Mr. and Mrs. William Utter who recently were "listening in" picked up the Columbus, Ohio, station which was broadcasting a program given by the Ohio State University and enjoyed the music of the orchestra directed by Mr. Utter.

A talk also was given by a member of the Ohio University faculty in which he spoke highly of Mr. Utter's work at the University.

Mr. and Mrs. Utter dedicated a radio number to their friends in Maryville. Mr. and Mrs. Utter are graduates of the State Teachers' College, both receiving their B. S. degrees in 1921. Mrs. Utter was then Alma Lucas.

Miss Beattie Dodge of Bolckow was a week end guest of her sister, Alice Dodge, at Residence Hall.

Wrestlers Continue to Pick Champions

Championships in three of the divisions of the wrestling tournament, which has been in progress the last two weeks, have been decided recently.

The flyweight laurels fell to Olin Wakley, who pinned John Ashcroft's shoulders to the mat in the final match.

C. G. Andrews won the belt in the lightweight section by an exhibition of clever work in downing Lawrence Sherlock.

In the heavyweight division Ole Cox triumphed over Arthur Hartman in a grueling match which went the full allowance of time.

The middleweight championship lies between Gordon Joy and Ernest Daniels. This match promises to be spectacular, as both men are versed in the science of the sport and are in good condition.

The purpose of the tournament was to give the men an interesting way of taking exercise. Much enthusiasm was developed by the matches and it is possible that matches with wrestlers from outside the school may be arranged for the winners in the four divisions.

ANNUAL CARNIVAL PROMISES SUCCESS

Tower Staff Sponsors St. Patrick's Carnival—College Organizations May Have Concessions if They Apply to Committee.

Concessions for the "St. Patrick's Carnival," sponsored by the Tower Staff, to be given March 17, are open to all organizations. The Staff has made this affair an annual one and this year it promises to be better than ever before. Every organization will be given the opportunity to make some money. If any organization wants to apply for concession rights, all that is necessary is to conform to the regulations which follow.

1. Make a list of three suitable things you would prefer to do.
2. Underline your first choice.
3. Hand this list to any member of the executive committee not later than February 16.

4. No organization will be allowed to have more than two concession rights.
5. Concentrate on one thing and make it a good one.
6. Every show must be of a real nature. No fakes or farces will be allowed.

7. Shows should not last more than thirty minutes.
8. All shows will be run on a pre-arranged schedule to avoid conflicts.
9. No admission fee over 15 cents will be allowed.

10. The Carnival starts promptly at 7:30 P. M.
11. Apply to the Committee for location.

12. Apply to the Committee for pianos, etc.
13. Make your wants known early.
14. The Committee will furnish box money.

15. All money must be checked in by the organizations before leaving the building the night of the Carnival.
16. Net profits will be divided as follows: Tower Staff 70 per cent; Organization 30 per cent.

17. Make this your motto, "A Bigger and Better Carnival."
Executive Committee
Robert M. Nicholas.
Mabel Raines.
R. E. Henning.

Pres. Lamkin Attends Important Meetings

President Lamkin will be a very busy person this week. Today he is in Jefferson City conferring with the Appropriations Committee of the state. All the teachers colleges of Missouri have a hearing before this committee today.

Friday and Saturday he will attend the meeting of the American Association of Teachers Colleges which meets in Cincinnati, Ohio. This association includes all teachers colleges in the United States, approximately 130 colleges.

The president will also attend the convention of the Department of National Education, which meets from February 22-27 in Cincinnati. Superintendent Maxwell, of Chicago, is chairman of this department of the association.

Mabel Erickson was absent from school last week on account of illness.

VANQUISH OLD RIVALS

Bearcats Defeat Tarkio Twice in A Row—Run Score to 36-26 at Home and on Tarkio's Ground Make it 27-19.

The haughty Tarks of Tarkio College hit the dust twice last week before the savage attack of the Bearcats. The result of the first game which was played at Maryville, was 36-26. At Tarkio the following night the game ended with the score standing 27-19 for the Bearcats.

The team appears to be coming out of a mid-season slump that has caused the loss of three non-conference games. Peoples especially has scored heavily in the two games with Tarkio. Aldrich has never been so decidedly off form as the other men. However, he has been working under the handicap of a lame shoulder.

The team plays Springfield at Springfield Thursday and Friday of this week and engages Park College at Parkville Saturday night.

In the first game at Maryville last Thursday night Coach Lawrence did not start his strongest combination against the Tarks until it became evident that the reserve team could not safely carry the colors to victory.

About the middle of the first half Peoples, Blomfield, and Joy were sent in to replace Ellis, Pierpoint and Masters. The effect of the change was not noticeable in the scorekeeper's columns until the last half, however, as Peoples and Blomfield could not hit the basket. Both had several chances to make easy counters but seemed not to be out of the slump that followed them throughout the recent road trip.

The showing made in the game by the team did much to win the confidence of the rooters. It was quite evident that three defeats in a row on the road trip had not shaken the morale of the team.

In the second game at Tarkio Coach Lawrence started his strongest combination of men in the game. Blomfield, Aldrich, Peoples, Smith, and Joy piled up a good lead in the first half.

Ellis and Pierpoint were substituted at forward during the later moments of the second half. Peoples made 7 field goals and three free throws. Aldrich tallied three times from the field. Joy and Ellis each got one field goal.

Prizes Offered for Chemistry Essays

Chemistry students of S. T. C. will be interested to know that the American Chemical Society will award this year as part of their annual prize essay contest, six \$1000 prizes for the best essays submitted on six designated subjects. This contest is being financed by Mr. and Mrs. Francis P. Garvin in an effort to obtain an intelligent appreciation of the vital relationship of chemistry to other things in life.

The prizes will be awarded for the best essay on each of the following subjects: 1. The Relation of Chemistry to Health and Disease; 2. The Relation of Chemistry to the Enrichment of Life; 3. The Relation of Chemistry to Agriculture and Forestry; 4. The Relation of Chemistry to National Defense; 5. The Relation of Chemistry to the Home; 6. The Relation of Chemistry to the Development of an Industry or a Resource of the United States.

The essays, which must be not more than 5000 words, must be in the hands of the Committee on Prize Essays, 85 Beaver Street, New York City, before March 1, 1925.

This is the second year of the contest, and details of the contest, including last year's prize winning essays, may be obtained from pages 3 to 42 of the Journal of Chemical Education for January, 1925.

Additional information as to references, rules of the contest, and methods of awarding the prizes may be had from the Committee on Prize Essays, 85 Beaver St., New York City.

Cleo Wyman, who has been attending S. T. C. since last September, has accepted a position as cashier, with the Ellison-White Chautauque System, of Portland Oregon. He will leave on his work about March 29. He plans to return to Maryville in September and resume his work at the College.

Miss Helwig completed extension courses in Astronomy and Grade Methods in Mathematics at Truman last week.

THE GREEN AND WHITE COURIER

Maryville, Missouri

Edited and managed by the students and published once each week at the Teachers' College, Maryville, Mo., except the last of August and first of September.

Entered as second class matter, Nov. 9, 1914, at the Post Office at Maryville, Mo., under the act of March 3, 1879.

COLLEGE OATH

"We will never bring disgrace to this our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws, and do our best to incite a like respect and reverence in others. We will strive unceasingly to quicken the students' sense of duty. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

WHY STUDENTS FAIL

Too little sleep, too much play, not enough study, too much leisure, fast eating and diversified thinking are factors that devitalize students and are responsible for the "delinquent groups" found in every university, according to a report made public by Professor Howard of Northwestern University.
—The American Campus

ABOUT OUR FREE BOOKS

Did you ever stop to think what a tremendous responsibility S. T. C. has undertaken in furnishing free text books to its students?

While accurate figures were not obtainable, it was estimated that the text books in the college book store and in the hands of students are worth \$10,000. This is considering depreciation value due to use. Not only the original investment but also the replacement of these books must be considered. During the past year almost two thousand new books were purchased to be used as texts, at a cost of approximately \$3500.

Students think what this means to you. The average student uses five or six books each term, costing on an average of two dollars each. In most schools it is necessary for each student to buy his own text books. This means a cost of from twenty-five to fifty dollars per year depending upon the nature of the books.

In nearly all schools where text books are furnished the students, a

fee from two to five dollars per term is charged for the use of the books. If you care to purchase text books from the book store here you may do so at a decided saving. We know of one text used here and marked three dollars that ordinarily sells for four dollars.

Do we appreciate these free text books as we should? Do we take care of them as if they were our own? We should remember that when we cause unnecessary wear and tear on a book we are costing the school money that might be used to better advantage elsewhere.

Hard Luck Follows Trail of Bearcats

One victory and three defeats are the results of the first trip to foreign fields this season for the Bearcats. The first game with Cape Girardeau was won 24-19; the second game there the following night was lost, 34-17; the game with McKendree College at Lebanon, Illinois, February 7, was dropped, 21-18; and the final game with the Central College Eagles at Fayette was lost by the score of 29-22.

The Bearcats are rated in the M. I. A. A. with two games won and two games lost. There is still hope for championship or a tie for the laurels, as four conference games with Warrensburg and Springfield remain to be played.

The quintessence of hard luck has been the lot of the team all season but the old fight still gleams in the eyes of the "Fightin' Bearcats" and it looks like woe for Warrensburg and sorrow for Springfield.

Aldrich will probably be out the rest of the season as a result of the injury received on the tender place where his collar bone was broken in the first game of the season. Ellis sprained his left arm at the elbow in the second game at the Cape but will be able to finish the season.

Things began to go wrong in St. Louis the first day of the trip. The southbound train to Cape Girardeau was missed by fifteen minutes and the men had to go by another route that put them in Cape Girardeau in the evening. The last 25 miles were covered in automobiles over the roughest road imaginable. The game began immediately.

Coach Lawrence used six men to win the first game with the Indians. The southerners led at the end of the half, 11-10. Crane, Aldrich, Smith, Blomfield, Peoples, and Ellis played in the game.

Aldrich, who was in the game with a brace on his injured shoulder, played superbly in this game, making 12 points and playing a fine game on the defense. Peoples made 7 points; Ellis, 4; and Blomfield 1.

In the second game the Redskins devoted their efforts to throwing long shots from outside the Bearcat defensive wall and enough of these hope shots trickled through the meshes to put the Bearcats on the short end of the score. Only four goals were made from within the defense of the Bearcats. This, together with the change in lineup, necessitated by the injuries to Ellis and Aldrich, somewhat demoralized the team for the remainder of the trip, although the men played a

good brand of basket ball in every game. In this second game at the Cape, Peoples scored 7 points; Aldrich, 6; Joy, 2; and Blomfield, 2. Eight men were used.

At McKendree, the team ran into an outfit that is leading the Little Nineteen conference in Southern Illinois with ten straight victories. "Lefty" Davis, former Missouri Wesleyan coach, is athletic director at McKendree.

The game was a nip and tuck affair with McKendree a little in the lead at the end of the first half. The Bearcats had more chances at the goal but they were not as deadly in their shooting as the Illinois. The last five minutes of this game went by with neither side scoring, the Illinois five keeping their three point lead.

At Central College the men went on to the court plainly showing the fatigue engendered by the long railway rides and the late hours. Inability to shoot baskets was a factor in the loss of this game.

The Eagles had beaten the Cubs only three days before by only one point and it was thought that the Bearcats would not have any difficulty winning the game there but the Central boys had a will of their own and the dope cart was upset.

The Jean MacKenzie chapter of the Westminster Guild will hold an open meeting Wednesday February 18, at the home of Miriam Gray.

The program follows:

Songs by everyone.

Special music by Christine Goff, Katherine Gray, and Ruth Lawrence.

Scripture, Catherine Kemplar.

The Life of Jean MacKenzie, Lucy Allen.

Impersonation of Chinese girl, Miriam Gray.

Westminster Guild and its work in the world, Irene Goff.

Illuminated map, Miss Tengarden.

There will be a social session after the program. Everyone is invited.

David Nicholson spent the week end in Hopkins, with his parents.

Freshman Women Hear Talk on Citizenship

The February meeting of the freshman women of the College was held in the College auditorium Friday, February 6.

A short program was given consisting of two piano selections by Ruth Houchens; a reading, "The Tar Baby" by Julia Caldwell, and a vocal solo, "All Through the Night," by Christine Goff. Miss Goff also responded to an encore.

At the conclusion of the program Dean Barnard spoke on the subject of "Dependability and Reliability as Characteristics of Good Citizenship."

Department Notes.

PHYSICAL EDUCATION.

Miss Manley's advanced physical education class are testing for state badges. They are practicing the advanced exercises and giving the simple tests to the children in the public schools of Maryville.

Miss Bass closes her social dancing classes, which have been held in the music conservatory, Wednesday evening. No classes will be reorganized until after examinations are over.

HOME ECONOMICS.

A demonstration on the use of the "New Home" sewing machine attachments was held Friday for the Clothing 13 class by Mrs. Bennett from the Cummins-Ray Furniture store.

ANIMAL HUSBANDRY.

Mr. Kinnaird's class in Elements of Dairying, have been studying butter making. They set up a laboratory in the milk room of the cafeteria and last Monday churned ten pounds of butter.

The students in this course are also testing the college herd to determine the per cent of butter fat that each cow produces.

Opal Harmer was called to St. Joseph, February 8, by the death of her aunt.

PHILOS WIN CONTESTS

(Continued from Page 1.)

lection, "Humoresque." The Philomathens, represented by Lois Lawson, who read "Old Mists," took second place. Ethel Kaufman, reading "The Soul of the Violin," represented the Excelsiors.

The Philo trio, Lorraine Maxey, Elizabeth Mills, and Zelma Neal, won first place in the music contest. Their selection was "Where the Lilies Bloom." The Eureka quartette, composed of Lola Claire Landfath, Christine Goff, Katherine Gray, and Nerl Robertson, took second place. The Excelsiors were represented by Hazel Cox, who sang "My Dreams."

The Excelsiors won the essay contest with an essay written by Mrs. D. L. May. The Philos took second with an essay by Fred Nelson. The essay topic was "Crime within the Nation."

The judges for the Friday contests were: for literary events, Mrs. L. M. Eek, Dr. C. C. James, and Mr. C. F. McCaffrey; for music, Mrs. C. E. Wells, Mrs. L. M. Eek, and Dr. C. C. James. The essay judges were Mr. L. E. Ziegler, Mrs. W. N. Deatherage, and Mrs. W. K. Arney.

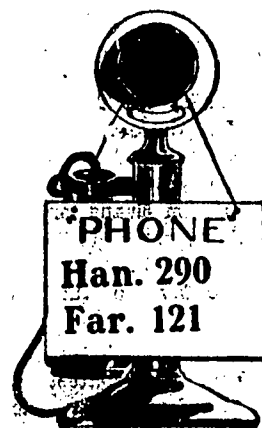

Mr. Brink is visiting his daughter at Glenwood, Illinois. While there he will be in consultation with physicians.

Miss Manley started an extension course in Health and Play in Maryville Saturday.

Prospects Good for Winning Track Team

Prospects are particularly bright at present for another winning track team at S. T. C. this spring as all of the men who were on the squad last year with the exception of Steiger, Runyan, and Proffit are in school this year. Several of the men are taking regular workouts on the indoor track this winter in order to be in shape to take part in the early meets this spring.

Last spring the team started the season with the winning of the medley relay and fourth place in the mile relay at the Drake Relays. The next victory was in a dual meet with Tarkio. The meet was won by a big margin. A dual meet was held with Grace College of Lamoni, Iowa, which was won by the score of 72-49. The team placed third in the Missouri Intercollegiate Athletic Association track and field meet at Springfield with 22 points.

The men who are here for the track team this spring are: Donald Davenport, George Smith, John Smith, Denton Peoples, Gordon Joy, Olin Wakley, Russell Culp, Paul Robey, R. Beam, Mark Davis, Lloyd Hollar, Paul Stone, and Ernest Ellis.

The medley relay set the record, 7 minutes 40.25 seconds, at Drake last year. Davenport, G. Smith, and J. Smith will be on the team again this spring but another 220 yard runner must be found to take the place of Steiger.

The mile relay team which broke the state record at Springfield last year will have two veterans this year. Davenport and G. Smith are the two men who are here and Proffit and Steiger are the two who are not in school. The half mile relay team will be built around Davenport and Robey this year.

Davis, who won the individual cup in the Northwest Missouri High School meet here last spring, is in school and will make a strong bid for a place in the running races.

Hollar, a husky freshman, will be out for discus and shot-put events. He did some exceptionally good work in high school meets.

Peoples in the jumps, Joy for jav-

lin, Beam in the jumps and pole vault, Wakley, in the pole vault, Culp in the hurdle races, and Robey in the dashes, will help to make the Green and White aggregation a formidable one.

In addition to running in the relay races, Davenport, and the two Smiths are good for places in the half mile, quarter mile, and mile events in almost any meet. G. Smith usually places first or second in the high hurdles, too.

SOCIAL SCIENCE.

The last meeting for the quarter of the social science club will be held February 25, at the E. D. Arnold home, 519 East Fourth street. The girls of the club will be the hostesses.

Election of officers for the spring quarter will be considered during the business session. The president, Gannum Findley has appointed Merle Seelman, Garland Miller and Blanche Erickson to act as the nominating committee.

The program of the evening will be in the nature of extemporaneous talks by the club members, who will talk on subjects of present day interest in the social science world. If it is impossible for any member to prepare a talk he should not make this an excuse for staying away from the meeting. He is invited to come and hear what the other members have to say.

According to statistics published from the Dean of Women's office the social science club had a higher studenthip rating than any other club on the campus. The report also indicates that the average member of the club was carrying more than the usual ten hours of work. These facts, alone, should merit the consideration of every student in the college, who is seriously interested in the welfare of the club.

Dr. Keller, at this early date has seven commencement addresses scheduled. They are at Darlington, Boomer, Worth, Osborn, Maitland, York Consolidated, and Altamont.

Miss Katherine Franken went to Orrick Saturday, February 14, to attend to extension duties there.

Dr. Keller's daughter, Joan, who has been very sick the last week is now improving.

College Notes

A workers' college has been established in Columbus, Ohio. This school has the backing of the Ohio Federation of Labor and the support of Ohio University. About 150 students are enrolled, one third of which are women. English and public speaking classes each have about 50 persons enrolled; courses in modern economic problems and in co-operation and credit each draw about 20 students, and history of organized labor about 10.

Matthew B. Hammond, president of the college, is professor and head of the department of economics of Ohio State University. The other members of the faculty are also from the university.

Although the beginning of this school is modest, educators and labor leaders believe it promises to be a permanent addition to the field of education in central Ohio.

According to the latest reports, crossword puzzles now serve other purposes than those of amusement and entertainment. They are being used by the political science classes at Northwestern University as "aids" in instructing pupils in the names of governmental terms.

Instructor Leonard Smith found that many of the pupils used terms like "judiciary" and "appropriations" without really knowing the sharp shades in meaning of the words. He ordered that students hand in crossword puzzles based solely on words used in the best senatorial circles. As a result he received fifty-two puzzles.

The Springfield Bears journeyed to Kirksville, Thursday and Friday, January 23-24, and eliminated the Bulldogs from the M. J. A. A. basketball championship by decisively defeating them in both games. The scores were 56-18 and 39-16.

The Bearcats go to Springfield for a pair of tilts with the Bears, February 13 and 14.

In the oratorical and extemporaneous speaking contest to be held at the South Dakota State Teachers College of Aberdeen, February 12, the winning oration will be broadcasted from the radio station K. F. D. Y. of that place. This will give hundreds of students and others connected with the various colleges of South Dakota, which are represented in the contest, an opportunity not only to get immediate word of the victor but actual speech.

The Men's Glee Club of the University of North Dakota, directed by John Thomas, is making a tour of the colleges of North Dakota during the month of February. Their repertoire includes choral and instrumental selections, solos, quartets, and reading. They promise an interesting program at all the places where they are scheduled to appear.

The club was reorganized this year under the able direction of C. J. Thomas, who relinquished his position as teacher of voice at the Walden Conservatory, Denver, Colorado, to accept a place on the faculty of the University of North Dakota. Mr. Thomas is a seasoned singer of concert, oratorio, and recital experience and has had extensive and varied experience as a director.

A group of students in the Spanish classes of the State Teachers College of Valley City, North Dakota, has organized a Spanish Club. The official name of the club is "El Circulo Espanol." They meet weekly, play Spanish games, sing songs, hear lectures on and discuss Spanish topics, all of which, even to the conversation of the club, is in Spanish.

Kirksville State Teachers College has increased its facilities in the Department of Physics and Physiology by the acquisition of seven hundred topographic, special, and state maps.

The Kansas State Teachers' College has chosen the gorilla as the official mascot of their school and student body.

Huron College, South Dakota, held an annual Inspiration Week. This year it was a decided success.

Missouri Wesleyan College awarded sweaters to eighteen football letter men this year.

The seniors at Park College, Parkville, have been granted special privileges, according to a custom which is carried on each year. They are given one day holiday during the semester; two senior girls may go to the city unchaperoned; seniors may be excused from table service one day a week; special consideration will be given senior men in arranging for trips to the city or away from the college campus; and members of the senior class may be excused from final examinations if their scholarship is satisfactory.

The "History of the Civil War" class taught by Mr. Cook, gave the following very interesting patriotic program at the regular class hour on Lincoln's birthday.

"Lincoln's Home Life"—Helen Ferguson.

"Lincoln's Ideals"—Leo Halasey.

"Lincoln's Statesmanship"—Raymond Beam.

"Lincoln's Sense of Humor"—Katharine Harrison.

"Was Lincoln a Soldier?"—Donald Dowell.

"Gettysburg Address"—Vesta Wright.

Students of Education 26, taught by Miss Smith, have been substituting at the Central school building this past week for Miss Anna Mae Holt, who has been absent on account of the mumps.

David, "Ikey," Ends was sent to the St. Francis Hospital, February 10, with a sprained tendon in his knee. The injury will not prove serious, it is thought if the knee is given a few days rest.

Every day we are receiving new styles and latest creations in spring millinery. Come in and see them. E. Ashford & Co.

Mr. Miller spoke on "Loyalty to the Constitution," at the Baptist Church, Friday night, February 13.

Nellie Farnum spent the week-end, February 6-8 visiting with her parents at Guilford.

Mildred Spencer spent last week-end with her parents in St. Joseph.

Tower Staff Sponsors '76 Film This Week

On Wednesday and Thursday of this week the Tower staff will sponsor the famous Revolutionary War picture, "Janice Meredith," at the Empire Theater. It vividly depicts the romance of those stirring days and shows most of the leading heroes of the days of '76.

Paul Revere, George Washington, General Cornwallis, Patrick Henry, Alexander Hamilton, Benjamin Franklin, the Marquis de Lafayette, Major Pitcairn, King Louis XVI, and Lord Howe—all prominent figures in the early history of the American republic—are enacted by well-known players in one of the most beautiful productions on the screen.

Martha Washington and Marie Antoinette also are present for a share of the glory of this interesting and exciting period of history.

Instructors of public schools and universities are taking their pupils to see "Janice Meredith," as a part of their study of American history. More vivid on the screen than in the pages of any history book, this story of Colonial days makes history lessons a fascinating study.

Mr. Miller met his double extension class at Stanberry, Saturday, February 14.

The students in Public Speaking 61 are busy delivering their term orations.

Organize Orchestra for Beginning Group

Under Miss Boyle's direction, a beginning orchestra class was organized last Monday, at 8 o'clock in Room 122. It is planned to advance students from the elementary orchestra to the advanced orchestra whenever their progress permits. A student may be expected, on being transferred to the advanced class, to play a different instrument from the one he uses in the elementary class.

Miss Boyle, who will be in charge of the new orchestra, has had wide experience in this form of music work.

TOO FREQUENT MOVING

Many teachers, particularly in smaller towns and rural communities move frequently from place to place. Chief among the causes of this practice are insecure tenure and low salaries. Insecure tenure and the fear of failure or re-election cause many teachers to spend time and energy looking for positions elsewhere that would yield large returns if spent improving conditions where they are. Inadequate salaries and the inclination on the part of some boards of education to keep salaries as low as the market will stand, encourage teachers wishing salary increases to seek other markets for their services.

Aside from the cases where a move is of undoubted benefit to the teacher or to the community or to both, there are numerous cases where the move is a waste of personal energy and a loss to society. Perhaps the worst loss is the tendency to develop an attitude on the part of teachers and public that teaching is a peripatetic job and that the teacher is an outsider, little interested in the affairs of the community.

From the standpoint of the community, the teacher renders the greatest service who remains long enough to become master of its educational problems and to build into its thinking an appreciation of sound educational values. From the professional standpoint, the teacher profits most who remains long enough to render significant service and to observe and study the results of his efforts. The financial aspects are perhaps sufficiently described in the maxim, "A rolling stone gathers no moss."

—Journal of N. E. A.

Greely Colorado State Teachers' college co-eds are aroused over the prospects of "dateless" evenings through the formation by most of the prominent males on the campus of the misogynist fraternity.

The object of the organization is a complete curtailment of "dates" among its members, and every candidate for admission is required to swear that he believes "association with women is weakening; women are merely wolves in sheep's clothing; they use foul play in snaring men, and that there is little under the cosmetic." The novice also is required to swear that he believes only in love of the Platonic kind.

Recognition of the organization will be up to the student council at its next meeting.

Washington Warned Against Extravagance

"As a very important source of strength and security, cherish public credit. One method of preserving it is, to use it as sparingly as possible; avoiding occasions of expense by cultivating peace, but remembering also that timely disbursements to prepare for danger frequently prevent much greater disbursements to repel it; avoiding likewise the accumulation of debt, but by vigorous exertion to discharge debts necessarily incurred."

In these words George Washington, whose birthday we commemorate the 22nd of this month, pointed out the way to financial soundness of his country in his Farewell Address.

This advice is as sound now as it was in 1796. Its principles apply as well to the individual as to the nation.

As the birthday of the "Father of Our Country" is being reverently observed, we of this banking institution, remind you of his advice for financial soundness. Our service is always at your disposal to enable you to practice the financial principles laid down by this great American.

The Stroller

By ????

We don't like to apologize because it is against the Stroller's religion and contrary to her constitution to do anything of the sort. But that is what we are going to do. We are going to apologize for this column, in the Stroller's absence, so he can't help himself.

You see, we wouldn't be writing all of this if the Stroller were here; but it isn't. Just before press time we received a message stating that the Stroller was delayed in getting back to the college because her Dent car was stuck in the mud somewhere, on one of the numerous Missouri present day detours. Said message ordered the printer's devil to lock up the type lice, and to do the worst he could to this column. And we have.

We had always wondered how a feller would feel to be promoted to the high and lofty position of Stroller. We may get fired when the Stroller gets back to town; but now that we have a chance, we are going to say what we please about him while she is absent. We always had the idea that all the Stroller had to do was to go up and sit on top of one of the towers, and tune in his radio on all the poor students were doing. But what a life! What a life! We'd rather herd type lice than to try to tend to the business of 700 inmates of a co-ed institution.

Anyway, I wish that if the chem-

ALUMNI

Eulah Mae Pearce, B. S., A. B. 1924, in a recent letter to Dean Barnard, tells of her work in Missouri University, her plans to attend the National Convention of Deans of Women, which meets in Cincinnati, Ohio, the latter part of February, and of her change of address. Her new address is Sampson Apartments, Columbia, Mo.

Florence Allen, B. S. 1924, who is teaching home economics at Oregon, visited Lena Johnson a part of last week-end. She was on her way home to Stanberry.

Fannie Hope, B. S. 1924, teacher of English and civics in the Maryville High School, is in St. Francis Hospital where she is suffering from a double fracture of the bone just above the left ankle. The fracture resulted from a fall on the ice, at Miss Hope's home on West Second street, Saturday afternoon, February 7. It will be necessary for her to remain in the hospital a week and the injured ankle will need to be kept in a cast probably six weeks.

During her absence from high school her work is in charge of Ruth Foster, B. S. 1918.

Augusta Quell, B. S. 1924, who is at present teaching English and debating in the Maryville High School, spent the week-end, February 7-8, with her parents in King City.

Maude Ummel, B. S., 1920, a former instructor in the Commercial department at S. T. C., who is now teaching in the State Agricultural School,

High School Notes

CHILLICOTHE.

More than twelve hundred school children and students were entertained last Monday afternoon by the Little Symphony Orchestra of Kansas City. This is the Orchestra's third visit to Chillicothe but the verdict expressed by many, was "Better than ever."

HARMONY CONSOLIDATED.

Fay Woodson Null and Perry Sapp of the debating team won a unanimous decision in the contest with the Coffey High School. The debate was held at Albany on neutral territory. Harmony upheld the negative side of the question "Resolved that the Philippines should be granted immediate independence."

PICKERING.

The Pickering High School basketball team played Mound City High School, at Mound City, Friday, February 13. Lon Wilson coaches the Pickering boys. The Pickering team visited Howard "Hickory" Leech, at Rockport, Saturday.

HARDIN.

Hardin High School is proud of their basketball teams. Thursday the boys went to Brainerd where they defeated the team from Polo, made up of the strongest players in Caldwell county. The score was 20-19.

On Friday they played the Brainerd boys and won by a score of 24-22.

ROSENDALE.

Pearle Oliver, senior in the Rosendale High School, won the Lincoln medal

Trenton Pep Club . Appears on Program

An interesting feature of the program Friday afternoon at the Inter-Society Contests was the appearance of a group of high school girls from Trenton. They gave a short and lively pep program while the audience were waiting to hear the decision of the judges. The sixteen girls, dressed like sailor boys in their white costumes gave a display of pep that shows that Trenton is doing its best to support its basket ball team. These girls were here to furnish enthusiasm for the Maryville-Trenton game Friday night.

The group was made up of Theo Stone, Amber Ralls, Wilma Fortney, Jessie Wells, Rena Davis, Helen Fauts, Helen Dunkel, Imogene Todd, Maurine Mann, Merle Overton, Alberta Mapes, Willa Ward, Lucile Davenport, Mary Leeper, Pauline Wolf, Dorothy Kirkwood.

Mrs. Louise B. Hastings, house director at Residence Hall, and Miss Anne E. Stowell, manager of the college cafeteria, spent Monday, February 9, in Omaha, Nebraska.

Opal Orme, a student at the College, has gone to Chillicothe to fill a vacancy in the grades. She plans to finish this quarter's work by correspondence.

Mr. Miller has received an invitation requesting that he deliver the commencement address at Guilford. This is the third time Mr. Miller has received such a request from Guilford.

College Buys Tractor

Next summer, instead of seeing Joe Trullinger and his one horse lawn mower mowing the campus, one will see a Fordson tractor and an up-to-date grass clipper. The tractor recently purchased by the college is for general use with whistles that can be used on the lawn.

The tractor was broken in last Monday when the Animal Husbandry department used it to grind feed for the farm.

Katherine McMillan, a student in college, underwent an operation for appendicitis at St. Francis Hospital, Monday, February 9.

Oren Masters, a student in the Manual Training department, is working on a storage cabinet which is to be placed in Mr. Leeson's room.

Every day we are receiving new styles and latest creations in spring millinery. Come in and see them. E. Ashford & Co.
